## Foldable Engine Crane - 1,200kg

**Product Code: 1001T**

This Australian Standards AS1418.5 approved TradeQuip "Made for the Trade" hydraulic engine crane has a 8 tonne long stroke lifting ram and double acting pump with a maximum load capacity of 1,200kg. Very simple to use the 'Quicklift' double acting hydraulic pump is equipped with automatic safety valve to control the lowering speed under load. This double action 'Quicklift' design... works by lifting the load on the UP and DOWN stroke of the ram handle.

The jib extends to the desired lifting capacity of 250kg, 500kg, 750kg or 1200kg secured by a single locking pin. Mounted on 6 swivel castor wheels this engine crane has excellent manoeuvrability around the workshop. The lifting range is 0-2300mm so an engine can be lifted clear out of the engine bay with little effort. With great stability of its wide legs, this crane can also be used to lift machines or other heavy items, making for an excellent piece of equipment for the workshop or warehouse. It is also designed to quickly folds up when not in use to save space in the workshop.

### Features

Ideal for automotive, light engineering and general workshops  
Adjustable boom in four positions for lifting  
Outrigger legs easily fold up for transport or storage  
Six swivel castor wheels allow easy mobility  
Double action 8,000kg long stroke hydraulic lifting ram  
Overload Protection  
Constructed of high-grade steel and built to exacting standards for quality and durability  
Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting finish and to help prevent rust  
Paint is oil, grease and dirt-resistant for easy cleanup  
Short lifting chain & hook with safety latch  
Easily exceeds Australian Standards AS1418.5 requirements

### Specifications

Safe Working Capacity: 1,200kg (AS1418.5 approved)  
Adjustable Boom: 250kg, 500kg, 750kg & 1200kg  
Lifting Ram Capacity: 8,000kg > Available as Spare Part: Product Code: 2008  
Stabiliser Arms Clearance: 195mm  
Dimensions: (Arms Ext): 2300(H) x 960(W) x 550(D)mm  
Nett Weight: 85kg

## Engine Crane - 3,000kg

**Product Code: 1193**

This Heavy Duty TradeQuip "Made for the Trade" Engine Crane has a long stroke lifting ram, a single action pump with a maximum load capacity of 3,000kg. Very simple to use manual hydraulic operation.

The jib extends to the desired lifting capacity of 1000kg, 2000kg or 3000kg secured by a single locking pin. Mounted on heavy duty castor wheels for excellent manoeuvrability around the workshop. The lifting range is 0-2500mm so any large engine can be lifted clear out of the engine bay with little effort. With great stability of its wide legs, this crane can also be used to lift machines or other heavy items, making for an excellent piece of equipment for the workshop or warehouse.

### Features

Industrial grade engine crane  
Heavy duty hydraulic pump  
Adjustable boom in four positions for lifting  
Robust steel fabricated legs with structural supports  
Large castor wheels for easy mobility  
Tilting lifting hook with latch for safety

### Specifications

Safe Working Capacity: 3,000kg  
Folded Height: 1540mm  
Maximum Lifting Height @ 3000kg: 1745mm  
Maximum Lifting Height @ 1000kg: 2088mm  
Jib Length Fully Retracted @ 3000kg: 1100mm  
Jib Length Fully Extended @ 1000kg: 1730mm  
Overall Length Fully Extended: 2385mm  
Overall Length Fully Retracted: 1480mm  
Overall Width Fully Extended: 875mm  
Overall Width Fully Retracted: 785mm  
Leg Height 190mm  
Nett Weight: 121.5kg

## Engine Crane Load Leveller 680kg

**Product Code: 1030**

The perfect accessory for our engine cranes, this TradeQuip "Made for the Trade" Engine Leveler reduces the hazards and hassles out of balancing heavy, awkward loads and helps protect engines, transmissions and vehicle damage. Perfect for removing and installing engines, it easily adjusts the angle of the engine simply by turning the swivel handle and is compatible with most good brands of engine cranes. The load leveler includes four 300mm chains with support brackets for increased load security and safety.

### Features

- Easy to use, just crank to level
- Tilts forward and backward for easy motor mount alignment
- Heavy duty steel I-beam construction
- Balances engine/transmission for easier installation or removal
- Constructed of high-grade steel and built to exacting standards for quality and durability
- Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting finish and to help prevent rust
- Paint is oil, grease and dirt-resistant for easy cleanup
- Easily adapts to different engine cranes and improves the install/removal operation
- 4-point mounting system provides maximum control
- Worm drive shaft rotates with a built-in swivel handle for easy balancing
- 3 adjustable chain assembly holes for different engine sizes

### Specifications

- Safe Working Capacity: 680kg
- Chain Length: 300mm
- Chain Anchor Positions: 3
- Engine Mount Positions: 4
- Weight: 6kg
- Carton: 465 x 190 x 60mm

## 8,000kg Ram to suit Engine Crane

**Product Code: 2008**

The TradeQuip "Made for the Trade" steel ute crane effortlessly lifts items from the This twin piston TradeQuip "Made for the Trade" 8,000kg Long Hydraulic Ram is the ideal replacement jack for use on TradeQuip hydraulic engine cranes. Mounts directly onto the engine crane and features a slow release function while providing a long 630-1135mm lift range. High quality large diameter twin cylinder hydraulic pump unit results in Quick Lift action, lower oil pressure needed to raise the load, which reduces wear and extends service life. 100% factory vertical load tested for reliability and safety. For vertical use only.

Replacement long hydraulic ram. Suitable replacement for TradeQuip 1001T engine crane.

### Features

- Double action "Quick Lift" design for quick positioning without load
- Built in 'Overload Protection'
- Constructed of high grade steel to exacting specifications for strength and durability
- Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting finish and to prevent rust
- Paint is oil, grease and dirt resistant
- Factory filled with high quality hydraulic jack oil, which offers better corrosion resistance and high/low temperature flexibility
- Includes lift handle for easy operation

### Specifications

- Safe Working Capacity: 8,000kg
- Minimum Length: 630mm
- Maximum Length: 1135mm
- Clevis Base:
- Ram Diameter: 80mm
- Base Width: 129mm
- Nett Weight: 10.5kg
- Carton: 700 x 170 x 150mm
- Gross Weight: 11.5kg

## Utility Crane Swivel Base - 900kg

Product Code: 2079

The TradeQuip "Made for the Trade" steel ute crane effortlessly lifts items from the ground to ute/truck tray height, then rotates them into the cargo area. The telescopic boom design with manual hydraulic hand pump pivots the boom up and down and swivels 360° for maximum accessibility. Get extra lift where you need it most with this Tradequip Utility Crane that easily lifts loads to 900kg. The steel boom extends up to 1290mm and the base swivels to help you get the best angle when hoisting items onto your ute or truck bed. The pickup crane folds away when not in use.

Note: Crane boom should always be stored and secured in the down position when not in use. This is to protect the chrome ram from elements/corrosion etc and to safely drive the vehicle without having the boom swing around dangerously.

### Features

- Pre-drilled base plate makes mounting quick and easy
- Handles up to 250kg in extended mode and 900kg in retracted mode
- Includes chain hook with chain slot lock and one cable hook both with safety latch
- Base rotates 360 degrees
- Designed for vertical lifting only
- Not to be used for lifting personnel or overhead lifting
- All steel construction
- Boom stores over wheel well when not in use

### Specifications

- Hydraulic Jack Capacity: 3,000kg
- Hydraulic Lifting Capacity: 250 - 900Kg
- Maximum Reach of Boom: 1290mm (250kg) 870mm (900kg)
- Maximum Height (hook height): 2300mm (250kg) 2000mm (900kg)
- Minimum Height: 1425mm (from ute tray to boom pivot - excluding boom)
- Mounting Base: 275 x 275mm
- Mounting Base Holes: 8 holes x 16mm (dia) x 110mm (centre-centre)
- Weight: 48kg
- Carton 1 of 2 : 1110 x 250 x 180mm
- Carton 2 of 2 : 340 x 330 x 320mm

### About the brand

Our Flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.

## Scissor Lift Workshop Trolley - 450kg

Product Code: 6003T

The TradeQuip "Made for the Trade" moveable, Hydraulic Scissor Lift Table can position and raise your work piece up to 875mm by simply pumping on the foot pedal to the desired height. Features include a hand release lever to safely lower a heavy piece of work and two locking swivel castors to ensure stability once the scissor lift table is shifted into position. This piece of equipment is ideal for any garage, workshop or parts warehouse dealing with heavy parts such as engine blocks, large cylinder heads, diff housings and transmissions!

This "Made for the Trade" 6003T Scissor Lift Table has a 450kg Safe Working Capacity and is fitted with wheels, designed to carry that weight with sealed bearings and polyurethane tyres, to ensure heavy loads can be transported smoothly and precisely, to and from the work area. Manually lift this work table ergonomically via the hydraulic operated foot pump which efficiently elevates the table top reducing strain and fatigue from having to bending over. Easy to elevate with the convenient hydraulic foot pump and easy to lower... via the release lever on the handle to go down in a controlled manner.

In addition, this 6003T scissor lift table can be used as a convenient mobile work bench so you can work at different heights to reduce the risk of back injury. Our manual hydraulic scissor lift table is ergonomically designed to elevate the table to the best height reducing strain and fatigue from bending over for long periods.

### Features

- Foot-operated hydraulic pedal keeps your hands free
- Quick release hand lever for easy, controlled hydraulic release
- Heavy duty oil-resistant nonslip rubber mat
- Two locking heavy duty swivel castors
- Convenient fold down handle
- Powder coated for extra protection from wear and tear.
- Perfect for moving heavy parts to and from the vehicle.

### Specifications

- Safe Working Capacity: 450kg
- Maximum Height: 875mm
- Minimum Height: 280mm
- Table Size: 810(L) x 500(W)mm
- Wheel Diameter: 125mm
- Carton: 980x560x300mm
- Weight: 74kg

### About the brand

The TradeQuip range is covered by a 12 month trade use warranty.

## Scissor Lift Workshop Trolley - 500kg

Product Code: 6007T

This TradeQuip "Made for the Trade" moveable, hydraulic scissor lift table can position and raise your work piece up to 1585mm by simply pumping on the foot pedal to the desired height. Features include a hand release lever to safely lower a heavy piece of work and two locking swivel casters to ensure stability once the scissor lift table is shifted into position. This piece of equipment is great for any garage, workshop or parts warehouse dealing with heavy parts!

Manual hydraulic lift table ergonomically designed with a foot pump to elevate the table reducing strain and fatigue from bending over. Easy to use pump to elevate up and release handle for it to go down in a controlled manner.

In addition, this 6007T "High Lift" scissor lift table can be used as a convenient mobile work bench so you can work at different heights to reduce the risk of injury. This scissor lift is manufactured to withstand day-to-day working environments; allowing you to get on with the job in hand. The "Made for the Trade" 6007T scissor lift table has a 500kg capacity and is fitted with wheels, designed with sealed bearings and polyurethane tyres, to ensure loads can be transported smoothly and precisely.

### Features

- Double Scissor High Lift
- Foot-operated hydraulic pedal keeps your hands free
- Quick release hand lever for easy, controlled hydraulic release
- Two locking heavy duty swivel castors
- All steel construction
- Powder coated for extra protection from wear and tear.
- Perfect for moving heavy parts to and from the vehicle.

### Specifications

- Safe Working Capacity: 500kg
- Maximum Height: 1575mm
- Minimum Height: 440mm
- Table Size: 1010(L) x 520(W)mm
- Wheel Diameter: 150mm
- Dimensions: 1130x520x1260mm
- Nett Weight: 144kg
- Carton: 1140 x 575 x 450mm
- Gross Weight: 157kg
